## PROFESSIONAL SUMMARY

Aspiring Tech Support Engineer and recent Computer Science post-graduate (expected Sept 2025) with strong foundations in backend development, Linux, and database management. Hands-on experience through an academic internship, building a Django-based web application and troubleshooting deployment issues. Skilled in Python, Django, Java, Golang, PostgreSQL, SQL, and Linux. Certified in Linux Fundamentals and Python Development. Passionate about technical support, debugging, troubleshooting, and providing reliable solutions with root cause analysis.

## EDUCATION

<b>M.Sc. Computer Science</b> Savitribai Phule Pune University (SPPU)	Expected Sept 2025
<b>B.Sc. Computer Science</b> Savitribai Phule Pune University (SPPU)	2023

## TECHNICAL SKILLS

- **Languages:** Python, Java, Golang, JavaScript, HTML, CSS
- **Frameworks:** Django
- **Databases:** PostgreSQL, MySQL, SQL
- **Tools & IDEs:** VS Code, Git/GitHub
- **Operating Systems:** Linux (Beginner, Udemy certified), Windows
- **Concepts:** REST APIs, Troubleshooting, Debugging, Root Cause Analysis, Technical Support

## ACADEMIC INTERNSHIP

<b>Backend Web Developer Intern (University-Approved)</b> MidAtlantic LLC (Part of Curriculum)	Jan 2024 – Jul 2024
<ul style="list-style-type: none"><li>◦ Built and deployed a Django-based Car Dealer Web Application with PostgreSQL.</li><li>◦ Implemented REST APIs for listing, searching, and filtering vehicles.</li><li>◦ Troubleshoot and debugged backend issues, applying root cause analysis.</li><li>◦ Worked with Linux environment for deployment and Git for version control.</li><li>◦ Gained exposure to backend development lifecycle and technical support mindset.</li></ul>	

## PROJECTS

- **Car Dealer Web App:** Django + PostgreSQL app for dealers to manage listings and customers to search/filter vehicles.
- **Mini Golang API:** REST API with CRUD operations to practice backend service development.
- **Linux Automation Scripts:** Shell scripts to automate backups, system updates, and basic troubleshooting.

## CERTIFICATIONS

- Linux for Beginners – Udemy (2024)
- Python Development with Django – Udemy (2023)

## CORE COMPETENCIES

---

- Troubleshooting & Technical Support
- Root Cause Analysis & Debugging
- Backend Development & REST APIs
- Linux Fundamentals
- Team Collaboration & Communication
