Professional Summary

Dynamic and detail-oriented Full-Stack Developer with 1 year of experience in backend development and manual testing. Specialized in designing scalable, high-performance web solutions using Python, Django, and React.js. Passionate about delivering impactful software solutions.

Core Competencies

- Frontend Development: HTML5, CSS3, JavaScript, React.js

- Backend Development: Python, Django, Node.js, Express.js

- Database Management: PostgreSQL, MySQL

- Tools & Frameworks: Git, RESTful APIs, Agile, Unit Testing, Manual Testing

- Programming Languages: Python, C, C++

- Operating Systems: Linux, Windows

Education

Master of Science in Computer Science (In Progress)   Aug 2025
Savitribai Phule Pune University (SPPU), Pune, Maharashtra

Bachelor of Science in Computer Science   Sep 2023
Savitribai Phule Pune University (SPPU), Pune, Maharashtra
GPA: 8.13 / 10.0 (81.3%)

Certifications

- Python Programming Certification – Great Learning

- Django Web Development Certification – Udemy

- Linux Beginner Certification – Udemy

- C Programming Certification – Disha Computer Institute

- C++ Programming Certification – Disha Computer Institute

Key Projects

- **Personal Portfolio:** Created a dynamic and responsive personal portfolio website using HTML, CSS, and JavaScript. Integrated backend email services for seamless communication.

- **Inventory Management System:** Built a robust platform leveraging Python and Django. Optimized PostgreSQL for efficient data handling and implemented role-based access control.

- **Web App for Car Dealers:** Designed a scalable application for car dealerships using Python and Django. Delivered clean user interfaces and PostgreSQL-based inventory management.

Professional Experience

Backend Web Developer & Manual Tester   Feb 2023 – Feb 2024
MidAtlantic LLC, Pune, Maharashtra

- Led backend development for high-traffic applications using Python and Django.

- Conducted functional, regression, and integration testing to ensure software reliability.

- Developed comprehensive test plans and created detailed test cases for web applications.

- Performed cross-browser testing to ensure compatibility and responsiveness.

- Documented defects using test management tools and worked closely with developers to resolve issues.

- Designed automated scripts for repetitive test scenarios to enhance efficiency.

- Collaborated with project stakeholders to define test objectives and improve software quality.

- Validated APIs for proper data exchange between backend and frontend services.

Languages

- English (Fluent)

- Hindi (Fluent)

- Marathi (Conversational)
